## "DEAR FISHER"

Turns up With Another Confidential

Letter on the Blaine Subject,

Which was not Burned.

Another Story Spoiled About Free

Trade—The Main Circles and

the Side Show.

The Connecticut Elections To-day—

Blaine's Mining Interests in Ohio—

General Political News.

Another Republican Lie.

LONDON, Oct. 6.—Poulney Bigelow writes to the Standard for the purpose of denying the published statement that his father is coming to England for the purpose of obtaining money to advance Cleveland's election to the presidency and further the cause of free trade in the United States. Bigelow says his father is in fact coming to this country but that his visit is exclusively of a domestic character and will be of short duration.

NOT REPRODUCING THE COUNTRY.

ALBANY, Oct. 6.—Governor Cleveland spent the day as usual, attending to the routine business of his office.

LATER MULLIGAN NOTES.

NEW YORK, Oct. 6.—The World prints a lithographic facsimile of an extract from a letter written by Warren Fisher to Gustave Kohbe, and which was read by Kohbe at a democratic meeting held in Fairview, N. J., Saturday night. The original copy of this letter is still in the hands of Mr. Kohbe. The extract reads as follows:

\*\*\* In April or May of 1880

Blaine sent word to have me meet him at the Fifth Avenue hotel. He there authorized me to get the letters from Mulligan—to pay \$10,000 if I could not get them for less, and then wanted Mr. M. and myself to go to Europe and remain until after the election, all at his expense. He said Blaine had stolen his letters in Washington, and he never should have what he held at any price.

WASHER FISHER.

Windsor, Vt., July 12, 1884.

Mr. Kohbe in his speech made some stinging remarks in reference to this letter, and concludes as follows: "Is not this meeting at the Fifth Avenue hotel, at which Mr. Blaine was branded as a thief and a liar, a companion to the famous meeting at Washington when he went down on his knees to Mulligan and by fraudulent representations obtained possession of the first batch of these now famous letters?"

THE SIDE SHOW.

CHARLESTON, W. Va., Oct. 6.—Gen. John A. Logan and suite arrived here from Huntington, en route through the southern part of the state. Large crowds greeted the gentlemen along the route. General Logan stopped off here and made a speech to a large audience. He left two hours later. He will stop at all the towns up the valley and through to the Virginia line. There was much enthusiasm demonstrated and firing of cannons.

CAMBRIDGE AFTER HIM.

Speaker John G. Carlisle passed through the city this morning en route to Point Pleasant, where he speaks to-day.

THE CONNECTICUT ELECTIONS.

HARTFORD, Ct., Oct. 6.—The town elections in Connecticut occur to-day. The principal political interest is in the election of town officers. They also vote upon the constitutional amendment providing for biennial sessions of the legislature, the elections for state officers being already biennial. Two years ago a similar question was voted down by the people. There will be no party or political significance to the vote whatever as both parties are being divided on it. The towns also vote upon the question of liquor license.

THE MAIN CIRCUS.

FAIRMONT, Va., Oct. 6.—Blaine's party left Wheeling at 8:30 this morning by special train on the Baltimore and Ohio road for Grifton. At the Wheeling depot there was quite a demonstrative crowd and as the train moved slowly out of the city the people cheered. The first stop was at Mountaineers. The chairman of the Republican state committee introduced Blaine who was warmly received.

At Cameron, Littleton, Mannington and Farmington there were brief stops and at each point Blaine spoke briefly of the importance to West Virginia of a protective tariff. At Fairmont there was quite a large meeting and Mr. Blaine left the train and addressed the people from a stand. Here, as at all the preceding stations, the people were very enthusiastic.

Blaine's Interest in Ohio Mines.

NEW YORK, Oct. 6.—When Blaine wrote a few weeks ago that he never, directly or indirectly, had any interest in the Horsing Valley coal and iron mines he seems to have been trifling with the truth with more than his usual recklessness. Mr. Brooks, of Boston, who was

with him in the enterprise, has written another letter on the subject, in which he undertakes to show that not only did Blaine own part of the Standard Coal and Iron company's stock, but also that Blaine took an active interest in the management. He says: "In the register of the Neil house in Columbus, Ohio, under date of the early part of June, 1882, I believe, will be found the names of the following distinguished gentlemen: The Hon. James G. Blaine, Stephen B. Elkins, Joseph Vilas of New York and Matthew Addy of Cincinnati, Ohio. The gentlemen, as well as several others, will remember a special breakfast which was prepared for them in one of the elegant apartments of this attractive hotel. The visit of these famous capitalists being of a purely commercial character, their conversation at the table was largely upon the glowing prospects of the advantages gained by the consolidation of the great interests in the Horsing region. So far had the actual solidifying of the valley properties progressed as against the Columbus Horsing Valley and Toledo railroad, their only means of reaching the market, that the principal projectors of this gigantic combination were beginning to negotiate with the railroad company with a view of including that also within their powerful grasp. With this object held in mind by a portion of the party, a most careful examination of the terminal facilities of the road at Columbus was first undertaken. The shops, yards, equipment, and other details, were courteously shown by the president of the company, the Hon. M. M. Green the party being the guests of the corporation. The whole energies of the principal movers in the syndicate were devoted to obtaining possession of the road, either by purchase or an exchange of securities that would practically bring about the same result.

"Judge Stephenson Burke and Hon. Charles Hickox, of Cleveland, Ohio, as representing the railroad, came east and several very important meetings were held in regard to this subject, most of them taking place at the Fifth Avenue hotel. Most of the meetings held for this purpose were attended by Messrs. Burke and Hickox, on the part of the railroad, and Hon. James G. Blaine, Hon. S. B. Elkins, Mr. W. D. Lee and myself, representing the Standard combination. Unless my memory is very much at fault I can recall that at one of these meetings, Judge Burke having intimated that there were two or three loans down town that were pressing for payment, the gross amount aggregating \$1,000,000, Mr. Blaine stated that he had arranged to borrow that amount at a large trust company, the security promised being \$1,000,000 of the Standard company's bonds and the same amount of the railroad company's bonds."

Affecting the Foreign Market.

TORONTO, Ont., Oct. 6.—A communication from the secretary of the department of agriculture at Ottawa, stating that pleuro-pneumonia prevails in Illinois has an important bearing on the arrangements respecting the transit of meat and cattle by the Grand Trunk railroad.

TELEGRAPHIC BREVITIES.

The president is expected at Washington the latter part of the week.

It is rumored at Cairo that Colonel Stewart has been killed at Berber.

The Windsor hotel at Ottawa, Ont., burned early this morning. The guests escaped. Loss, \$40,000.

Transfers of real estate in the city have been recorded as follows:

and the News.

A Wronged Husband's Vengeance.

GRAND RAPIDS, Mich., Oct. 6.—A Newaygo special says: A terrible tragedy occurred here about midnight last night. A man named Armstrong, who recently came here, found his wife and George Bates together in Bates' room in bed. He seized an ax and entered the house. His wife seized and held him while Bates left the room for a revolver with which to kill him. While Bates was gone Armstrong broke loose from his wife and struck her with the ax and then cut her throat. Going down stairs he met Bates and killed him by a stroke with the ax. Armstrong gave himself up and is now in jail. Bates was a boarder at Armstrong's, aged about twenty-three and considered a hard case.

Poisoned a Lot of Melons.

MUNCIE, Ind., Oct. 6.—Mr. Boles, living near this city, who owns a large watermelon patch, has lately discovered that about two-thirds of the melons had been punctured with a quill and some chemicals inserted which turned them green and gave them a sharp, acid taste. Two of the melons were taken to a chemist for analysis Saturday. A man of the neighborhood who is an enemy of Boles is strongly suspected. The grand jury meets to-day, when the true inwardness of the affair will probably be developed.

Fires.

CHICAGO, Oct. 6.—A Minneapolis, Minn., special says the carpenter shop of the Minneapolis and St. Louis road was wholly destroyed by fire last night with an unknown number of cars. Fully insured. Supposed to be of incendiary origin.

HOLGATE, Mass., Oct. 6.—The mill belonging to the Newton Paper company burned Saturday. Loss, \$150,000; insurance, \$45,000.

Southern Products.

MEMPHIS, Oct. 6.—The cotton crop report in the district embracing west Tennessee, north Mississippi, north Arkansas, north Alabama, to be issued tomorrow, indicates that the crop will be 17 per cent. less than last year. Corn has not suffered to the extent of cotton and there will be ample raised to more than supply the demands in this section of the country.

The Cholera.

ROME, Oct. 6.—During the past twenty-four hours there were six fresh cases of cholera and twelve deaths at Naples. At Genoa there were twenty-five fresh cases and twenty-two deaths.

MADRID, Oct. 6.—There have been no deaths or fresh cases of cholera reported in Spain for the past twenty-four hours.

Jumped the Track.

READING, Pa., Oct. 6.—An engine on the Lebanon Valley road run off the track at midnight. The engine was wrecked, the track torn up for fifty feet and Engineer Andrew Miller seriously injured. Another employee was severely burned.

Notified to Appear.

LONDON, Oct. 6.—Gladstone has issued a circular notifying his supporters to attend the opening of parliament as he proposes at the earliest moment to submit important and pressing business for the consideration of that body.

He Escaped.

ATLANTA, Ga., Oct. 6.—At Lockett's camp yesterday afternoon Faulkner White, a convict, plunged into the river and tried to escape but was shot and killed by a negro convict named Dock Jackson.

His Second Victim.

CHICAGO, Oct. 6.—Minnie Brooks, who was stabbed by Joe Williams, a colored man, Saturday night, died this morning. She is his second victim. Her husband, Giles Hunt, died last night.

Another Old Veteran Promoted.

LANCASTER, Pa., Oct. 6.—John F. Steinman, the oldest merchant in the United States, died yesterday afternoon, aged ninety-five. He was a veteran in the war of 1812.

War News.

SHANGHAI, Oct. 6.—It is reported that the French have occupied Tannan.

A Bold and Daring Robbery.

ENDESBURG, Pa., Oct. 6.—Five masked

men entered the house of John Sherry, Saturday evening, while the family were eating supper, and commanded all to hold up their hands. Besides Sherry there were at the table two men, named Michael Keiser and George Bert, a servant girl and a boy. The party were gagged and bound and Sherry was then compelled to open the safe from which they abstracted \$200. They obtained \$5,000 from the bureau drawers and other places about the house. The gang then drove off in a carriage which was in waiting. There is no clue.

A WOMAN ON THE WATERS PATH.

On Saturday Gustaf McKisson, the wife of Phil McKisson, got her husband to load the shot gun and going to the field where Patrick Forbes was at work, discharged the weapon at him, the contents taking effect in the bowels, inflicting fatal wounds. The murder was the result of an old family feud. The woman was arrested.

Failures.

ROCHESTER, N. Y., Oct. 6.—A general assignment of the J. W. Rosenthal & Co., one of the largest clothing manufacturing firms in this city, was filed in the county clerk's office this morning. The assignee is Louis Greenheimer, of Chicago, and claims of preferred creditors amount to nearly \$100,000.

A BIG JEWELRY SWINDLE.

BOSTON, Oct. 6.—A special from Providence says: The failure of Emil Dohlheimer & Co., jewelers, of Cincinnati, has caused much excitement among the manufacturing jewelers of this city and at Astleborough, who appear to have become involved to the extent of \$30,000 or \$50,000, from a statement of one who is in a position to know. From the mercantile agency it appears that it is a deliberately planned swindle. On July 28 last, Dohlheimer called at the mercantile agency of Dunn & Co. and made a showing that he was worth from \$20,000 to \$30,000 on stocks and fixtures and owed between \$4,000 and \$5,000 which was his whole indebtedness. He promised to substantiate the statement but failed to do so.

Daniel O'Leary, for the Evansville club, has challenged all the clubs in the state of Indiana, to play one game for the state championship. O'Leary agrees to take his team to the cities contesting to play them on their own grounds, provided they will guarantee him \$75 per game and half of the gross receipts. He announces that he is particularly desirous of playing the Indianapolis club two best out of three games for ten barrels of flour, the winner to have the privilege of donating the stakes to the charitable institutions of his own city, and the loser to pay for the same.

Saturday night the police raided a gaming room on Calhoun street and captured thirteen sporting men, who put up \$25 apiece. The room had just been opened and the boys had to hustle for the \$315 which Chief Diehl carried away in cigar boxes. Of this amount, Prosecutor Dawson gets \$65, the mayor \$15.50, the six police get \$1 apiece for each of the thirteen men arrested and the marshal gets \$1 for each of the victims. The state gets what is left. The sporting men are pretty sore and will close business here. They say they have not made a dollar all summer and cannot stand a haul of \$315. All the men pulled are registered under assumed names.

## GRAY VS. CALKINS.

The First Joint Debate Likely to Attract an Immense Crowd to Fort Wayne--Preparations for a Grand Democratic Rally.

To-morrow afternoon at 2 o'clock occurs the joint debate between Hon. F. P. Gray and Hon. W. H. Calkins, opposing candidates for governor. Both gentlemen are brilliant but the democrats need entertain no fear that Mr. Gray can not effectually wipe out the gentleman who is conspicuous for levying an assessment on a widow. It is true the republicans are scouring Northern Indiana in their vain endeavor to overshadow the democrats, but there is too much pride in the banner county of the state to permit any such caper as this.

To-morrow afternoon there will be a big democratic cavalry parade. Five hundred democrats are coming in from the country on horseback and city people are invited to join them. All horsemen are requested to report at the democratic headquarters, on Main street, at 12 o'clock.

At 2 o'clock the Jeffersonian club will escort Hon. Isaac P. Gray to Leaning park, where the joint discussion will occur if the weather is fine. If the weather is bad the debate will take place at the Academy of Music.

In the evening the great democratic torchlight procession will occur. The different uniformed ward clubs are expected to turn out every member and invite all their friends to join them without torches and uniforms, if there are not enough to go around.

The Jeffersonian club will be out 300 strong, and they earnestly invite all shopmen, mechanics, laborers, business men and democrats generally to assemble with them on Court street Tuesday evening and participate in the parade.

Uniform or no uniform democrats are welcome to join the Jeffersonians and make the parade Tuesday night the greatest in the history of Fort Wayne.

Prof. Kientz's city band will head the procession and United States Senator Daniel W. Voorhees, Hon. Isaac P. Gray and Hon. F. C. McNeill will review the parade and later Senator Voorhees will address the democratic hosts at the Academy of Music. Democrats, come out and show your colors.

Headquarters Democratic Organization--General Order No. 3.

All commanders of democratic first voter clubs and commanders of all other democratic organizations will report with their respective commands with torches and uniforms Tuesday evening at 7:30 p. m. sharp at the corner of East Berry and Court streets for parade. By order of C. A. Zollinger, Colonel commanding.

WILL BRENN, Adjutant.

October 6, 1884.

LINE OF MARCH.

Following is the democratic line of march for Tuesday evening next: At 7 o'clock sharp, the clubs will form on Court and East Berry streets, then march east to Barr street, south to Lewis, east to Harmer, north to Jefferson, west to Rockhill, north to Washington, east on Washington to Calhoun, thence to Academy of Music. Jeffersonians and all other organizations will meet promptly at 7 o'clock a. m. sharp.

CHAS. A. ZOLLINGER, Col. commanding, CHAS. A. MUNSON, Capt. Jeffersonians.

ATTENTION, SEVENTH WARD CLUB.

All members of the Seventh Ward Cleveland and Hendricks First Voters club are requested to meet at their hall Tuesday evening at 7 p. m. to act as an escort to Hon. D. W. Voorhees.

P. J. SCHIED, Captain.

ATTENTION, DEMOCRATS.

There will be a meeting of the democratic club of the Fourth and Fifth wards this evening at 7:30 o'clock. Let every one interested in democratic success attend. By order of the president, JOHN D. OLDS.

CHARLEY TO BE CHOKED.

Butler, the Columbia City Wife Murderer, Likely to Hang Next Friday--Governor Porter Personally Examines the Case and will not Interfere.

Gov. A. G. Porter spent a day at Columbia City last week for the purpose of getting at the real sentiment of the community regarding the sentence of Charles Butler, who followed his wife to Pierceton, Kosciusko county, from Columbus, Ohio, and deliberately murdered her by shooting her down with a revolver, for which he is to be hanged next Friday.

Governor Porter found the feeling very bitter, and will not interfere. He had an interview with Butler Saturday afternoon, and is satisfied that the fellow is sane. The attorneys for Butler played a very sharp trick, but it may prove abortive. They neglected preparing the record in the case until almost the last moment, so that the supreme court would capsa a postponement of execution until the matter could be heard.

The supreme judges are not taping and will meet to-morrow to hear arguments on a motion to suspend sentence in the case of Butler, the Whitley county murderer, condemned to death at Columbia City, on Friday of this week. Major Blackburn, of Cincinnati, will appear in behalf of the prisoner. The motion is based on the fact that the record (7,000 pages) in the case is so voluminous that it has not yet been submitted to the court. If the court finds that the attorneys do not require as much time as has supervened, the culprit will have to wait up to the gallows.

A big excursion train will come in to-morrow from Huntington over the Chicago and Atlantic and Muncie roads. The people will attend the dedication

Nervous debility, indicated by loss of memory, universal lassitude, constant fatigue, vivid dreaming, unnatural excitement, fits of dizziness, etc., is quickly cured by using Dr. Guyot's Yellow Dock and Sarsaparilla. This remedy purifies the blood, strengthens the weak portions of the body, quiets the nerves, produces dreamless slumber, and is the only remedy that permanently cures the many distressful ailments resulting from nervous debility.

Everybody's Harvest.

Pier's Fair, 60, Calhoun street, have opened the fall season with the most complete line of fall and winter goods in the city, they are therefore now prepared to show to the public the choicest and best goods for the least money. It is impossible to give full details of the many bargains they are offering in their lines of dry goods, notions and millinery; but we can safely state that one visit to their establishment and an examination of prices will convince the most sanguine that their prices are the lowest. Their millinery department, as everybody knows, is the most popular in the city. And as they are receiving daily new goods, their stock is always alive with the latest novelties. Together with these advantages for every fifty cents worth purchased you receive a free ticket on the plush parlor suit to be given away at

## Rheumatism

We doubt if there is, or can be, a specific remedy for rheumatism; but thousands who have suffered its pains have been greatly benefited by Hood's Sarsaparilla. If you have failed to find relief, try this great remedy.

"I was afflicted with rheumatism twenty years. I tried to find relief, but I found no relief, but I found Hood's Sarsaparilla did me more good than all the other medicine I ever had."

H. T. BALCOM, Shirley Village, Mass.

"I had rheumatism three years, and got no relief till I took Hood's Sarsaparilla. It has done great things for me. I recommend it to others."

LEWIS BURBANK, Biddeford, Me.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combination of remedial agents; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and enables me to make good use of my food."

The blessings of life are many. Live long and be happy. Don't neglect a cough or cold. Keep yourself well clothed in changeable weather, and always keep a bottle of Dr. Wistar's Balsam of Wild Cherry in the household. A single spoonful will cure an ordinary cough or cold. Its continued use will cure consumption.

Carl Cruse and Henry Winhorst left here Saturday for Germany to visit relatives.

It is important to know that if kid gloves are laid upon a damp towel for two or three minutes they will go up with less chance of tearing; but it is more important to know that Dr. Bull's Cough Syrup is a sure cure for coughs and colds.

Every democrat in Fort Wayne is invited to participate in the parade tomorrow evening.

The poor sufferer from rheumatism or neuralgia often does himself incalculable injury by resorting to morphine and various other narcotics in the hope of gaining a few hours' respite from constant agony. John Eastwood, of Socorro, N. M., suffered three years and habitually used morphine to deaden the pain. Some friend in Michigan sent him a bottle of Athlaphora, and relief was almost instantaneous. In sending his order for three more bottles he says he has gone without narcotics for the first time in months.

### Sudden Changes.

Changes of temperature are apt to occasion dangerous affections; in the full blooded, apoplexy is to be feared. All, both young and aged, should have BRANBURY'S PILLS ready; they are never failing. When you have pain in the head, are dizzy, feverish, rheumatic, or otherwise affected, take from three to ten, according to bulk of individual, in twenty-four hours, or less time, you will be content. Constipations are "much alike. Vertigo, dizziness, and pain can come only when impurity in the blood is too much for "the life" in us to carry without a struggle that BRANBURY'S PILLS aid, and no mistakes are made when you merely take away impurities from the blood.
